What are Third-Party Updates?
- Updates for non-Microsoft applications such as web browsers (e.g., Chrome, Firefox) and other software (e.g., Acrobat, Notepad++).
- See below for a full list of applications receiving Third-Party Updates.

When is the Install Deadline for Third-Party Updates?
- Every Wednesday at 8:00 AM.

What is the Install Experience for Third-Party Updates?
- Software Center will display all required Third-Party Updates.
- Third-Party Updates will NOT:
  - Close running applications.
  - Trigger computer restarts.

Additional Information
- If out-of-schedule updates are required (due to a high-risk security vulnerability), ETS will communicate any changes to the release / deadline schedule.
